MEMORANDUM FOR: Deputy Director for Science and
Technology

SUBJECT : Appreciation of Messrs. [redacted]
and [redacted]s Services

I wanted you to know how much I appreciated the
good efforts of [redacted]
of your graphics shop in preparing briefing boards
to support my appearance on the Hill this week. They
put in a great deal of work on very short notice, and
did so with unflagging good cheer. The presentations
they put together were of uniformly high quality and
significantly assisted me in demonstrating the nature
and importance of our mission to members of the
Senate Select Committee on Intelligence. Many thanks.
